
Ministry of Health of the Republic of Uzbekistan
Republican Specialized Scientific and Practical
Medical Center of Eye Microsurgery

PROGRAM

**INTERNATIONAL OPHTHALMOLOGICAL CONGRESS, DEDICATED TO THE 20TH
ANNIVERSARY OF THE FOUNDATION OF RSSPMCES**

IOC Uzbekistan 2023

October 12-13, 2023

Venue: Samarkand, Samarkand City,
"Samarkand Regency Amir Temur"

October 12, 2023, Tashkent Hall

08:00-08:30.	Registration of participants. Welcome Coffee	Restaurant "Seasons"
--------------	---	----------------------

CONFERENCE OPENING CEREMONY

Presidium:	Inoyatov A.Sh., Yusupov A.F., Öner Gelişken (Turkiye), Shaarawy Tarek Mounir (Switzerland), Kamilov Kh.M., Pozdeeva N.A. (Russia)
08:30-8:45	Greetings to the participants from the Minister of Health of the Republic of Uzbekistan, Mr. Inoyatov A.Sh.
8:45-09:00	Awarding and presentation of certificates to honored guests. Signing of memorandums.

Plenary session

Moderators: Yusupov A.F., Komilov Kh.M., Öner Gelişken (Turkiye), Shaarawy Tarek Mounir (Switzerland), Bikbov M.M. (Russia)

09:00-09:20	Yusupov A.F. (Uzbekistan)	"The Republican Specialized Scientific and Practical Medical Center for Eye Microsurgery is 20 years old! Achievements, development prospects"
09:20-09:40	Öner Gelişken (Turkiye)	"Our approach to the treatment of diabetic retinopathy in the light of new advances"
09:40-10:00	Shaarawy Tarek Mounir (Switzerland)	"When to Be Aggressive in Glaucoma Treatment"
10:00-10:15	Bikbov M.M. (Russia)	"Crosslinking Plus or Combination of crosslinking and keratorefractive technologies"
10:15-10:30	Kamilov Kh.M. (Uzbekistan)	"History of the development of phakic surgery in the Republic of Uzbekistan"
10:30-10:45	Takhchidi H.P. (Russia)	"New technology for microsurgical reconstruction of the fovea for macular holes"
10:45-11:00	Pozdeeva N.A. (Russia)	"The use of intraocular lenses with extended depth of focus in patients with glaucoma"
11:00-11:15	Chuprov A.D. (Russia)	"Functional mapping of the brain after implantation of multifocal IOLs during cataract surgery"

11:15-11:30	Ioileva E.E. (Russia)	"Visual disturbances in rare combined pathologies of the central nervous system"
11:30-11:45	Orenburkina O.I. (Russia)	"Surgical approaches for combined pathology of cataract and glaucoma"
11:45-12:00	Balmukhanova A. (Kazakhstan)	"Features of the clinical course of uveitis in the Republic of Kazakhstan"
12:00-12:15	Maychuk D.Yu. (Russia)	"Acanthamoeba keratitis"
12:15 -12:30	Dzhumataeva Z.A. (Kazakhstan)	"Current issues of neuroprotective treatment of glaucoma"
12:30-12:45	I.Solomatin, A.Solomatin, M.Solomatin, J.Gertnere (Latvia)	"EDOF-Vivity, results of implantations using the FALKS method"
12:30 -12:45	Hamdi Er (Turkiye)	"ROP and retinal surgery in adults"
13:00-14:00	Lunch break	Restaurant "Seasons"

Section: Innovative technologies for diagnosis and treatment of keratorefractive diseases

Moderators: Bilalov E.N., Karimova M.Kh., Abdullaev E.E. (USA), Khudaiberdiev A.R., Yuryeva T.N. (Russia), Anand Prathasarathy (India)

14:00-14:10	Abdullaev E.E. (USA)	"A new concept and device for non-contact deployment of a Descemet membrane donor graft within the anterior chamber during endothelial keratoplasty (DMEK) – first clinical results"
14:10-14:20	Yuryeva T.N. (Russia)	"Corneal edema in a patient after SMILE caused by undiagnosed iridocorneal endothelial syndrome"
14:20-14:30	Sidikov Z.U. (Uzbekistan)	"Current problems of corneal transplantation in Uzbekistan"
14:30-14:40	Mukhamedova N.I. Soliev I.F. (Uzbekistan)	"Analysis of clinical and functional results of refractive lenticule extraction using CLEAR technology in patients with moderate and high myopia"
14:40 – 14:50	Markova E.Yu. (Russia)	"Features of diagnosis and treatment of corneal diseases in children"

14:50 - 15:00	Babushkin A.E. (Russia)	"Keratotoxic damage to the cornea during long-term installation of local anesthetic"
15:00-15:10	Shusterov Yu.A., Khurai A.R., Sidorenko E.I. (Kazakhstan, Russia)	"Interlamellar keratoplasty with a nail plate"
15:10-15:20	Minkhuzina E., Abdullaev E.E. (Russia)	"Bacterial and fungal decontamination of the ocular surface with a new type of ultraviolet radiation - preliminary results"
15:20-15:30	Galbinur Aysel Pasha kyzy (Azerbaijan) online	"Restoration of visual functions in adolescents with refractive amblyopia using contact correction"
15:30-15:40	Savranova T.N., Rozukulov V.U., Saidzhanov S.S. (Uzbekistan)	Comparative results of DSAEK with femtolaser-assisted DLEK in patients with corneal EED
15:40-15:50	J. Gertnere, I. Solomatin (Latvia)	"Smile - new horizons"
15:50-16:00	Anand Prathasarathy (India)	"Layer-by-layer corneal surgery for keratoconus and bullous keratopathy – current state of the art"
16:00-16:10	Kopylov A.E. (Russia) online	"Optimization of valve formation on a low-energy femtolaser installation"
16:00-16:10	Coffee break Restaurant "Seasons"	

Section: New in the diagnosis and treatment of diseases

vitreoretinal interface

Moderators: Yusupov A.F., Stolyarenko G.E. (Russia), Kasimova M.S., Izmailov A.S. (Russia), Munirova L.N. (Kazakhstan), Tural Galbinur (Azerbaijan)

16:10-16:25	Stolyarenko G.E. (Russia)	"Traumatic injuries to the macula in modern warfare"
16:25-16:40	Izmailov A.S. (Russia)	"Photodynamic therapy with chlorine E6: indications and potential reasons for treatment failure"
16:40-16:55	Tural Galbinur (Azerbaijan)	"Challenging Surgical Retinal Cases: Retinal Detachment Associated with AIDS-related Cytomegalovirus Retinitis. Management of Complicated Retinal Detachment with Temporary Keratoprosthesis in Only Eye Patient"
16:55-17:05	Astasheva I.B. (Russia)	"Modern differentiated approach to the treatment of retinopathy of prematurity"
17:05-17:15	Varshavsky A.M. (Kazakhstan)	"Clinical cases of treatment of macular pathologies of various etiologies with infrared micropulse laser irradiation with a wide spot"
17:15-17:25	Vitovskaya O.P. (Ukraine) online	"Patient's journey with diabetic retinopathy: from barriers to solutions"
17.25-17:35	Munirova L.N. (Kazakhstan)	"Results of surgical treatment of proliferative diabetic retinopathy using modern approaches"
17:35-17:45	Maltsev D.S. (Russia)	"Brolucizumab: two years in real clinical practice"
17:45-17:55	Malakhova A.I. (Russia)	"Neurodegenerative manifestations of diabetic retinopathy"
17:55-18:05	Zhukova S.I. (Russia)	"Optical coherence tomography in the differential diagnosis of neuroopticopathies of various origins"
18:05-18:15	Lositsky A.O. (Russia)	"The role of artificial intelligence in the dynamic monitoring of patients with pathology of the posterior segment of the eye"
18:15-18:25	Mavlyanova U.F. (Uzbekistan)	"Clinical, functional and hemodynamic disorders of the organ of vision in end-stage of chronic kidney disease"

October 12, 2023 Shahrissabz Bukhara Hall

Section: Reconstructive surgery

Moderators: Yusupov A.A., Birsen Gökyiğit (Turkiye), Maksudova Z.R.,

Buzrukov B.T., Pavlova T.V. (Russia)

11:30-11:45	Birsen Gökyiğit (Turkiye)	"Sliding Shape Extraocular Muscle Transposition with Plication: Technique and Long-term results"
11:45-11:55	Khodzhaev D.Kh., Yusupov A.F., Saidaripova F.R. (Uzbekistan)	"Evaluation of a complex of surgical rehabilitation measures in patients with anophthalmos"
11:55 -12:05	Pavlova T.V. (Russia)	"Irrigation therapy for acute inflammatory diseases and contusive changes in the posterior segment of the eye in children"
12:05 -12:15	Amiryan A.G., Sahakyan S.V. (Russia)	"Features of the clinical course, diagnosis and surgical treatment of patients with orbital dermoid cyst"
12:15 – 12:25	Tatarenko I.G. (Russia)	"Temporary obstruction of lacrimal canaliculi as a way to reduce systemic effects and increase the effectiveness of local ophthalmic drugs"
12:25-12:35	Nazarova G.K. Khodzhaev D.Kh. (Uzbekistan)	"The choice of the extraocular muscle and the method of its plastic surgery, taking into account changes in the position of the eyeball and eyelids during the correction of strabismus"
12:35-12:45	Matrosova Yu.V. (Russia) online	"Traumatic strabismus caused by rupture of the inferior rectus muscle during an orbital fracture. Clinical cases and treatment tactics"
13:00-14:00	Lunch break Restaurant «Seasons»	

Meeting of the Turkish Republics Ophthalmology Society

14:00 -18:00 Shahrissabz Bukhara Hall

Turkish Republics Ophthalmology Society (TROS) Free Papers Session 1.

13:45-14:55	Leyla Aliyeva: Foveal Avascular Zone Dimensions and panretinal lasercoagulation (AZ)
-------------	---

	Sevda Hummatova: Internal limiting membrane peeling versus no peeling during primary vitrectomy for rhegmatogenous retinal detachment (AZ)
	Gyulli M Kazakbaeva , Mukharram M. Bikbov, Jost Jonas, Sangam Panda-Jonas: Impaired vision, hearing, and cognitive dysfunction in elderly population of South Urals (BA-RU)
	Ravana Hasanova, Mariat Sultanova, Ainur Agaeva: Hereditary pathology in the structure of children`s visual disability (AZ)
	Metanet Efendiyeva: Ocular hypertension and pregnancy (AZ)
	Mukharram M. Bikbov , İlınur Khusnitdinov Ildarovich: Surgical treatment of patients with neovascular glaucoma in diabetes mellitus (BA-RU)
	Zarif B.Khaidarov, Karimov M.B., Mahmudzoda Sh.K., Karim-zade H.J.: Studying the demographic and clinical profile of eye injuries in the Republic of Tajikistan (TA)

Turkish Republics Ophthalmology Society (TROS) Free Papers Session 2.

15:05-16:05	1. Nazim Zaynutdinov : The most common complications after ICL implantation and their solutions (UZ)
	2. Liana A Miniازهva, M.M.Bikbov, G. M.Kazakbaeva.: Scleral lenses for visual rehabilitation of patients with corneal degeneration (BA-RU)
	3. Mehrullo B.Karimov., Mehdi Gacharnia., Mahmudzoda Sh.K., Khaidarov Z.B., Ziyozoda M.R.: The first experience of keratoprosthesis with the Boston keratoprosthesis in the Republic of Tajikistan (TA)
	4. Aidana Iskakbayeva: Conjunctivodacryocystorhinostomy. Our experience with the Jones Lacorhinostomy Tube. (KAZ)

	5. Hijran Namazova : Role of pathogenesises of pseudoexfoliation syndrome for surgical approach to phacoemulsification (AZ)
	6. Nurlan Erikovich Jumataev : Formation of the arches of the conjunctiva in anophthalmic syndrome (KAZ)
	7. Sukbay Akbota Darkhanovna, Jumataev Eric Asylkhanovich : Our experience in the utilization of drug cocktail in the therapy of nasolacrimal duct obstruction and inflammatory diseases of the lacrimal duct system (KAZ)

Online TROS Program:

Turkish Republics Ophthalmology Society (TROS) Free Papers Session 3.

16:15-17:15	1. Emine Doğan : Traumatic hyphema (TR)
	2. Aynura Sariyeva Aydamirov, Elif Ceren Yeşilkaya, Ayna Sariyeva Ismayilov : Effects of childhood malnutrition on corneal topography and ocular biometry (AZ)
	3. Ali Osman Gündoğan : Expression of placental growth factor, neuropilin-1 and Neuropilin -2 in primary pterygium tissue (TR)
	4. Miray Faiz Turan, Burcu Kasım, Yusuf Koçluk : Surgical approach to keratoglobus presenting with corneal perforation (TR)
	5. Gülizar Demirok : Gonioscopy-assisted transluminal trabeculotomy (GATT): ab interno micro-invasive glaucoma surgery (TR)
	6. İbrahim Edhem Yılmaz : The Impact of Thyroid Eye Disease on the Physical and Psychological Well-Being of Patients (TR)

Turkish Republics Ophthalmology Society (TROS) Free Papers Session 4.

17:20-18:10.	Figen Bezci Aygün : Clinical Characteristic and Long-term Outcomes of Vogt Koyanagi-Harada Disease in Pediatric Age Group (TR)
	Lala Mammadova : Surgical approach for retained lens materials in vitreos (AZ)
	Umay Güvenç : Management of consecutive exotropia (TR)

	Mehmet İçöz: Comparison of pain between first and second operated eyelids after upper eyelids blepharoplasty (TR)
	Asli Kirmaci Kabakci: Periocular nodular basal cell carcinoma diagnosis and treatment: Excisional biopsy or frozen section biopsy? (TR)

October 12, 2023 Andijan Navoi Hall

SATELLITES OF PHARMACEUTICAL COMPANIES

Moderators: Jamalova Sh.A., Makhkamova D.K., Fayzieva U.S., Nazirova Z.R.

11:00-12:00		
Novatec	Eddie Borozdina	"Argos. An innovative approach to planning and performing cataract surgery"
	Kamilla Kharlampovich	"Portfolio of "smart" drops. New generation of preservative-free molecules and high viscosity for eye health"
	Igor Ostrovsky	"How new technologies contribute to improving vision and quality of life"
12:00-12:30		
Optovik Unitrade	Puchkova I.A.	"The special importance of ultrasound research in ophthalmology"
12:30-13:00		
Vartamana	M.Nivean	"Tips and Tricks in VR Surgery"
13:00-14:00		
lunch break		
14:00-14:30		
Sentiss	Maychuk Yu.D.	"Diseases of the ocular surface in questions and answers with Professor Maichuk D.Yu."
14:30-15:00		
Ajanta Pharma	Varun Gogia	"Diabetic retinopathy: diagnosis and treatment"
15:30-15:50		

Sollers	Karimova M.Kh.	"A new word in the treatment of herpetic keratitis"
15:50-16:40		
SKY-OPTICS	Kramarenko E.Yu.	"Is it possible to stop the progression of myopia with ortholenses? Research results"
	Selina O.M.	"Scleral lenses after surgical operations: who, when, why"
16:40-17:05		
VECTOR Pharma	Nabiev A.M.	"Pathogenetic-oriented drug treatment of primary open-angle glaucoma"
17:05-18:00		
OK Vision	Myagkov A.V.	"Progressive myopia: a simple solution to a complex problem"
	Averich V.V.	"Optical correction of induced ametropia with scleral lenses"
	Zenkova E.S.	"Permanent effective orthokeratology"

- October 12, 2023 at 10.00 pm. – laser show and evening walk along Registan Square.

October 13, 2023, Tashkent Hall

Section: Organization of ophthalmological care

Moderators: Ioileva E.E. (Russia), Begović E. (Bosnia Herzegovina), Bakhritdinova F.A., Ikramov A.F., Yangieva N.R., Trifanenkova I.G. (Russia)

8.30:8:45	Trifanenkova I.G. (Russia)	"Modern system of providing high-tech ophthalmological care to children with retinopathy of prematurity in the Kaluga branch of the MNTK "Eye Microsurgery""
8.45:09.00	Bakhritdinova F.A. (Uzbekistan)	"The role of Professor Avetisov E.S. in the development of ophthalmology in Uzbekistan"
09:00-09:15	Begović E. (Bosnia Herzegovina)	"Management of patients with uveal macular edema"
09:15-09:30	Khodzhaev D.Kh., Yusupov A.F. (Uzbekistan)	"The state of the ocular prosthetic service in the Republic of Uzbekistan"

Section: New horizons in the diagnosis and treatment of glaucoma

Moderators: Pozdeeva N.A. (Russia), Karimova M.Kh., Markova E.Yu. (Russia), Nabiev A.M., Strakhov V.V. (Russia), Shusterov Yu.A. (Kazakhstan)

09:40-10:00	Shaarawy Tarek Mounir (Switzerland)	"New tubes and valves for glaucoma"
10:00-10:15	Strakhov V.V. (Russia)	"Glaucomatous retinopathy"
10:15 – 10:30	Kuroyedov A.V. (Russia) online	"Primary open-angle glaucoma: the main factors contributing to the progression of the disease and determining the development of the terminal stage of the disease"
10:30 – 10:40	Karimova M.Kh. Zakirkhodzhaeva M.A. (Uzbekistan)	"Prognostic significance of various genotypic variants of polymorphisms of the CYP1B1 and CYP1A1 genes in patients with POAG"
10:40 - 10:50	Starostina A.V., Sidorova A.V. (Russia)	"Tactics of laser treatment of relapses of increased intraocular pressure"
10:50 – 11:00	Berezenko E.A. Ioshin I.E. (Russia)	"Biometric indicators in patients with POAG after micropulse CPC"
11:00 - 11:10	Mukhamadiev R.O., Razhabov U.R. (Uzbekistan)	"The use of xenodrainage in secondary glaucoma"

11:10-11:20	Gorbunova N.Yu. (Russia)	"Secondary glaucoma in post-traumatic aniridia"
11:20 – 11:30	Sidorova A.V., Starostina A.V. (Russia)	Ahmed valve VS microshunt Ex-press: pro et contra
11:30-11:40	Mazunin I.Yu. (Russia)	"Multi-wave micropulse laser iridogonioplasty in the treatment of narrow/closed-angle glaucoma"
11:40 -11:50	Garkavenko V.V. (Russia)	"Original method of suturing a conjunctival wound during sinustrabeculectomy"
11:50-12:00	Nabiev A.M. (Uzbekistan)	"On errors in early diagnosis of primary angle-closure glaucoma"
12:00-12:10	Postupaeva N.V. (Russia)	"Comparative analysis of the use of cyclophotocoagulation in continuous wave and micropulse modes in the treatment of glaucoma"
12:10-12:20	Zahidov U.B. (Uzbekistan)	"Connective tissue dysplasia in the development of congenital glaucoma and myopia"
12:20-12:30	Aligadzhieva L.G (Russia)	"Key points in glaucoma drainage surgery"
12:30-12:40	Kurbanov S.A. (Russia) online	"Evaluation of the hypotensive effect of surgical treatment of glaucoma using collagen drainage"
12:40-12:50	Karimov U.R. (Uzbekistan)	"Glaucoma drainages - past, present and future"
12:50-13:00	Zahidov A.B. (Uzbekistan)	"Pars Plana implantation of drainage implants and shunts in avital eyes with refractory glaucoma. Clinical cases"
13:00-14:00	Lunch break Restaurant "Seasons"	

Section: New technologies in the treatment of lens diseases

Moderators: Egiyan N. (Russia), Zakirkhodzhaev R.A., Zakhidov U.B.,

Rozukulov V.U., Varun Gogia (India), Kalankhodzhaev B.A.

14:00 – 14:15	Voskresenskaya A.A., Pozdeeva N.A. (Russia)	"Methods of intraocular correction of aphakia in patients with iridocorneal syndrome"
14:15 - 14:30	Kalankhodzhaev B.A. (Uzbekistan)	"Flange fixation techniques in non-standard cases"
14:30-14:45	Naira Yeghiyan (Russia)	"Modern view on the treatment of congenital cataracts in children"
14:45–15:00	Varun Gogia (India)	"Cataracts in children"
15:00-15:15	Vakhabova N.T., Abdusamatova R.A., Yusupov A.F., Karimova M.Kh. (Uzbekistan)	"Long-term results of implantation of intraocular lenses with a yellow filter in patients with age-related macular degeneration based on NEI-VFQ-25"
15:15–15:30	M.Nivean (India)	"The CM t flex IOL is a new treatment option for aphakia"
15:30-15:45	Alieva-Kharkharova K.M., Makkaeva S.M. (Russia)	"The role of comprehensive geriatric assessment in the preoperative preparation of elderly and senile patients with ophthalmological pathology"
15:45-16:00	Artashes A. Zilfyan (Armenia) online	"EDOF Lux Smart intraocular lens - evaluation of clinical results"
16:00 –16:15	Telegin K.P. (Russia) online	"Scleral fixation of specially designed IOLs"
16:15-16:30	Nanyan V.A. (Armenia) online	"Premium intraocular lenses in the practice of an ophthalmologist"
16:30-16:45	Zhedyale N.A., Chuprov A. D. (Russia) online	"Electrophysiological parameters of the eyeball after implantation of a multifocal IOL"

October 13, 2023 Shahrizabz Buhara Hall

Section of Young Scientists

Moderators: Yusupov A.F., Karimova M.Kh., Bilalov E.N., Buzrukov B.T., Odilova G.R., Boboev S.A.

09:00 – 09:07	Umarova N.O. , Jamalova Sh.A., Karimova M.Kh., Yusupov A.F. (Uzbekistan)	"Comparative analysis of laser treatment methods for primary open-angle glaucoma"
09:07-09:14	Ziyoviddinov M.K. , Yusupov A.F., Abdusamatova R.A., Ubaydullaev S.O., Buzrukhonov S.S. (Uzbekistan)	"Changes in color separation and contrast sensitivity in early and intermediate stages of age-related macular degeneration"
09:14-09:21	Akhmedov T.B. , Yusupov A.F., Karimova M.Kh., Soliev T.Yu., Sodikov A.M. (Uzbekistan)	"The state of the visual organ in patients with chronic liver diseases"
09:21-09:28	Tsoi E.S. , Yusupov A.F., Karimova M.Kh. (Uzbekistan)	"Comparative assessment of the effectiveness of laser surgery against the background of angiogenesis inhibitor therapy"
09:28–09:35	Abdushukurova A.A. , Karimova M.Kh., Yusupov A.F. (Uzbekistan)	"The effectiveness of micropulse transscleral cyclophotocoagulation in refractory operated glaucoma with preserved visual functions"
09:35-09:42	Forbes Valeria (USA)	"Clinical case of selection of scleral contact lenses for congenital bilateral coloboma of the eyelids, complicated by exposure keratopathy"
09:42–09:49	Makhmudova Z.A. , Yusupov A.F., Jamalova Sh.M. (Uzbekistan)	"The influence of subthreshold micropulse laser exposure on the photosensitivity of the retina in the treatment of macular edema against the background of postthrombotic retinopathy"
09:49–09:56	Myakushkina R.R. , Ashirmatova Kh.S., Gelmanova T.I. (Uzbekistan)	"Clinical and functional results and calculation of IOL in phacoemulsification of cataract after thermokeratocoagulation"
09:56–10:03	Saidjonov S.S. , Savranova T.N., Rozukulov V.U. (Uzbekistan)	"First results of implantation of femto-assisted intrastromal segments in patients with keratoconus"
10:03 - 10:10	Boboev S.S. , Yusupov A.A., Tukhtaev B.U., Tulakova G.E., Yusupova M.A. (Uzbekistan)	"Combined laser treatment of severe forms of neovascular glaucoma"

10:10 – 10:17	Sattarova Zh.O. , Karimova M.Kh., Vakhabova N.T., Abdullaeva S.I. (Uzbekistan)	"Study of the microbial flora of the conjunctiva in intensive care unit patients"
10:17 – 10:24	Asadov D.A. , Yusupov A.F. Jamalova Sh.M. Savranova T.N. (Uzbekistan)	"Experience in using telemedicine in glaucoma screening in the Republic of Uzbekistan"
10:24 – 10:31	Murodullaeva N.O. , Odilova G.R. (Uzbekistan)	"Evaluation of effectiveness of artificial tears in dry eye syndrome and its treatment"
10:31–10:38	Udayeva N. , Odilova G.R. (Uzbekistan)	"Diagnosis and treatment of adenovirus conjunctivitis in ambulatory conditions"
